Community Playthings

Who we are

Because we design and create furniture with our own children in mind, quality and beauty come naturally. Our products are crafted by men and women who belong to a Christian community and believe children deserve the best.

The exceptional work you do alongside our high-quality equipment creates an environment where childhood comes alive.

Quality craftsmanship & design

Children need play equipment that is safe, simple, natural and beautiful. Our furniture is modular and adaptable, enabling your environment to be changed and developed.

All products are made in our workshops in East Sussex and Kent; their solid wood construction and robust joinery make for furniture and play equipment that lasts decades.

Input from educators and leaders like you has guided our product design for over 70 years. You'll find our products give staff an environment that is an extremely effective "third teacher."

Children come first

Customer service

From product support to ordering and delivery, you have a UK-based account manager ready to answer any question you may have. Be sure to ask about our complimentary room layout service.

We provide free 2-week delivery anywhere in the UK, and all products come with a 15-year warranty. Our products come fully assembled and ready to use.

Safety & sustainability

We believe equipment for children should be durable and made in a way that preserves the world they will inherit. Crafted with children's health and safety as top priority, our products are free of any elements that are harmful for children or the environment. The wood we use is chain-of-custody certified and sustainably grown.

Outlast

The great outdoors is the ultimate playground for learning and growth. Extending your curriculum outside connects children with the natural environment on a daily basis. Outlast products are weatherproof, extremely durable, and aesthetically pleasing. They will transform your outdoor space, adding new possibilities and dimensions to your curriculum.

Weatherproof

Is it possible? Yes! Outlast products are made of acetylated wood, which has been proven to last for several decades in direct contact with the ground. Outlast will not warp, shrink, twist, or rot and does not need covered storage, whatever the weather.

Non-toxic

Acetylation is a treatment process that modifies wood at the molecular level, rendering it rot resistant without using any toxic substances. It's child-safe and environmentally friendly. "Safe enough to eat" is no exaggeration.

Durable

To complement the weatherproof wood, Outlast products are fastened with stainless steel hardware and UV-resistant rubber. Outlast is backed by our standard 15-year warranty.

The mark of
responsible forestry
FSC® C006924

Supporting sustainable forestry

Outlast is made with wood from well-managed, FSC® certified forests and other controlled sources.

Ultimate play value

Loose parts empower creativity and offer unlimited opportunities for problem solving and cooperative play, rain or shine.

Easy care

Mud scrubs off with water and any mild detergent. Don't worry if your products eventually weather to a silvery grey – this is a natural process for acetylated wood.

Outdoor play

Child-friendly blocks are rugged, with no sharp edges or toxins. The child-sized handholds make carrying easy.

Blocks and ramps are compatible. Their innovative interlocking feature facilitates the creation of sturdy structures on uneven ground.

Outlast blocks are robust and develop gross motor skills.

Excellent play value. There's nothing like loose parts to encourage constructive play.

Interlocking blocks and planks make it possible to build and play on uneven ground.

Outlast block sets

ECERS 8: 7.2, 7.1, 5.2, 5.1

Outlast encourages imaginative play, child-directed discovery and learning in the great outdoors. Interlocking blocks and planks form the basis of this innovative constructive play system.

Reinforced with UV-resistant rubber corners and stainless steel hardware, Outlast blocks earn their 15-year warranty.

Outdoor play

Outlast ramps allow children to explore the basic principles of physics the best way – through play!

UV-resistant bumpers reduce impact when blocks are dropped. Stainless steel hardware throughout.

Wide wheel base and 28 cm all-terrain wheels make this the sturdiest wheelbarrow around.

Perfect proportions:
The Wheelbarrow bed is designed to hold an Outlast crate.

Add a Flow pan to combine block play with water play for the ultimate outdoor constructive play experience.

Build a mud kitchen with the modular Outlast crates, blocks and planks. See page 13 for crates.

Outlast blocks & wheelbarrow

ECERS 8: 7.2, 7.1, 5.2, 5.1

Made of acetylated wood, Outlast items are rugged and exceptionally durable. The entire system is modular: crates share outside dimensions with blocks so they can be incorporated into block structures.

Outlast storage

ECERS 8: 7.2, 7.1, 5.2, 5.1, 7:7.3

To help children keep the outdoor area tidy, the Storage unit neatly accommodates Outlast blocks and crates, and other outdoor toys. The waterproof roof protects resources, while spaces between floor slats provide ventilation and allow sand to drop out. Hose it out and the water drains.

The Outlast storage bench provides teacher seating, and fits two crates that neatly hold outdoor toys. Weatherproof wood and durable design provide year-round outdoor use in your garden or covered play area.
